NOTICE OF UNLICENSED OPERATION

Case Number: EB-FIELDNER-17-00024805

On August 3, 2017, Agents from the New York Office (New York Office) of the Federal Communications Commission's (FCC's or Commission's) Enforcement Bureau (Bureau) responded to a complaint of an unlicensed FM station operating on the frequency 104.7 MHz in New York, New York. The Agents confirmed by direction finding techniques that radio signals on frequency 104.7 MHz were emanating from your residence in New York, New York. The Commission's records show that no license was issued for operation of a radio station on 104.7 MHz at this location in New York, New York. You identified yourself to the Agents as the operator of the radio station and acknowledged that you had no authorization to operate the radio station.

Radio stations operating on a range of frequencies,¹ including 104.7 MHz, must be licensed by the Commission pursuant to Section 301 of the Communication Act of 1934, as amended (Act).² The only exception to this licensing requirement is for certain transmitters using or operating at a power level or mode of operation that complies with the standards established in Part 15 of the Commission's rules.³ The field strength of your signal on frequency 104.7 MHz was measured at 4,572 microvolts per meter ($\mu\text{V}/\text{m}$) at 669 meters, which exceeded the maximum permitted level of 250 $\mu\text{V}/\text{m}$ at 3 meters for non-licensed devices. Thus, this station is operating in violation of Section 301 of the Act.⁴

¹ 47 CFR § 73.201.

² 47 U.S.C. § 301.

³ 47 CFR §§ 15.1 *et seq.*

⁴ 47 U.S.C. § 301.

You are hereby warned that operation of radio transmitting equipment without a valid radio station authorization, or in violation of the Commission's RF radiation limits, constitutes a violation of the Federal laws cited above and could subject the operator to severe penalties, including, but not limited to, substantial monetary fines, *in rem* arrest action against the offending radio equipment, and criminal sanctions, including imprisonment.⁵

UNLICENSED OPERATION OF THIS RADIO STATION MUST BE DISCONTINUED IMMEDIATELY.

You have ten (10) days from the date of this notice to respond with any evidence that you have authority to operate granted by the Commission. Your response should be sent to the address in the letterhead and reference the listed case number. Under the Privacy Act of 1974,⁶ we are informing you that the Commission's staff will use all relevant material information before it to determine what, if any, enforcement action is required to ensure your compliance with Commission's Rules. This will include any information that you disclose in your reply.

You may contact this office if you have any questions.

David C. Dombrowski
Regional Director
